

Math Placement Instructions

All new students, regardless of major, are required to complete the Math Placement Assessment. You cannot be registered for classes or meet an advisor until this placement exam is complete with a valid test result. This test is used to ensure you are in the appropriate math course when you begin your studies. Please read the instructions carefully. If you have any questions, email studentsuccess@queensgssp.com.

START HERE!

1 Click: <https://teaching-upna.com/course/view.php?id=87>

Enter the email address associated with your application. Example: jdoe@gmail.com

Your password is your **date of birth**. Write it as MM/DD/YYYY. Include the slashes!

Then, click "Log In"

2

Read the instructions carefully.

- You will have 80 minutes to complete the test, and you must complete it in one sitting. You cannot stop and restart the test.
- You have one opportunity to complete it.
- Topics include Algebra and Pre-Calculus.
- You are **not** allowed to use a calculator.
- Failure to follow the rules above can result in an inaccurate or invalid test result and placement.

3

Math Placement Test

Once you are ready to begin, click "Queens College Math Placement Test"

4

Now, complete the test! To receive your results at the end, make sure you have "pop-ups" enabled on your web browser. Your results will open in a different window.

If you have questions, receive an error message, or are having any difficulty, email studentsuccess@queengssp.com. Please include your full name and the error or question.

Your math placement exam results will be communicated directly to your advisor to ensure you are in the appropriate level course.
